## Year 5 – Lesson Plan 1 - ART

## How Can You Paint Light and Atmosphere?

Aim:	Key Words:	Preparation:
To explore watercolour techniques to create a landscape that shows light, mood, and atmosphere.	<ul> <li>watercolour</li> <li>blend</li> <li>wash</li> <li>silhouette</li> <li>landscape</li> </ul>	<ul> <li>Watercolour paints</li> <li>Water pots and brushes</li> <li>Watercolour or cartridge paper</li> <li>Black card or black pens (for silhouette work)</li> </ul>
		<ul> <li>Landscape photo examples (sunsets, mountains, coastlines, skies)</li> </ul>

Prior Learning: Children will have used watercolours and explored colour mixing in earlier lessons.

WC / PT	Warm-up: Show atmospheric landscapes (e.g. sunset, foggy forest). Ask: What colours can you see? How do they make you feel? How do the artists show light or mood?	0-5 mins
wc	Main Teach: Introduce watercolour techniques: washes, wet-on-wet blending, and layering. Demonstrate blending colours to create sky effects, then adding a silhouette on top for contrast.	5-10 mins
I / S	Activity: Children create a background wash using blended watercolours to show a landscape (e.g. sunset, sea, mountains). Once dry, they add a silhouette image using black card or pen (e.g. trees, buildings, animals).	10-30 mins
ı	Extension Challenge: Add foreground elements or write a short caption/poem to match the mood of the painting.	30-35 mins
WC	Plenary: Children discuss how their use of colour creates atmosphere. Ask: How did blending change the effect of the painting? What would you try differently next time?	35-40 mins

WC - Whole Class PT - Partner Talk I - Independent S - Support

Challenge A	Write a descriptive paragraph based on your landscape using rich vocabulary and figurative language.
Challenge B	Research how famous artists (e.g. Turner, Monet) used light in their landscape paintings.
